Re: *Big Rivers Electric Corporation's D.B. Wilson Station CCR Landfill Groundwater Declaration of Entering into an Assessment Monitoring Program*

The Coal Combustion Residuals Rule 40 CFR Part 257.94(e) requires that a facility place formal documentation in their operating log within thirty days of entering into an assessment monitoring program per 40 CFR Part 257.105(h)(5).

Big Rivers Electric Corporation D.B. Wilson Station is supplying this document as formal notification that the D.B. Wilson Station landfill will be entering into an assessment monitoring program. The document fulfills the requirement of 40 CFR Part 257.105(h)(5).
